---

This Book was done at the office of The  
Thomas W. Burr Printing Company, 27 Colum-  
bia Street, Adams Building, Bangor, Maine,  
who make a specialty of this line of Printing,  
but who also do almost anything in the line of  
Book and Job Printing---and most respectfully  
solicit your patronage. Prices always right.

# The Shaw Business College

calls attention to the fact that the Bangor Daily News during a period of 15 months had in its local columns 301 instances of students of this school taking positions. The school has recently enlarged its quarters and no business college in Maine has quarters that are in a class with it. Free catalogue.

Bangor, Maine

## YOU HAVE SOME PRINTING DONE?

Of course you want it done right, you want it to be your good representative in many instances--poor unworkman-like printing is very expensive at any price. We do the best and do it at fair prices.

We would like to count you among our regular customers and will do our very best to please you in quality, workmanship and price.

We do all kinds of Book and Job Printing--nothing too large--nothing too small. Some of the things we do:

Letter Heads, Packet Heads, Bill Heads, Note Heads, Statements, Envelopes, Checks, Notes, Receipts and all kinds of Municipal Blanks, Society and Wedding printing, Circulars, Announcements, Business Cards, Handbills, Posters, Books, Pamphlets---in fact we do almost anything in the way of printing.

We have the best equipped plant in the State, and carry the largest stock of papers of any printing office east of Boston. We will appreciate your favors in this line.

## CLOTHING FOR 1911

You'll begin pretty soon to think about getting some new clothes. If you bought Hart, Schaffner & Marx clothes last year, they're probably good for another season ; that's the kind of clothes they are.

As soon as you make up your mind that you're going to have new clothes, we want to show you the new things from Hart, Schaffner & Marx ; some special new models in young Men's styles that will make the young fellows open their eyes.

Lots of other good things to wear, of course ; we can outfit you completely. Glad to see you whenever you're ready.

A gain of one week in 1910-11. Holden schools have been in session 33 weeks. Three teachers have remained for the school year in the same school. Miss Annie Berryman in Clewley school. Miss Martha Libby in E. Holden school, and Miss Attwood at Holden Center, making 6 terms. Miss Attwood has taught successively at Holden Center. New Grammars and Language Books were put into the schools in the spring and the work in English has advanced. Before the spring schools began a contract was made with Mr. Jerry Hoskins who put the interior of five school houses in first class condition as to paint, paper and whitening of walls and ceilings. New stove pipes nicely put together were also adjusted. The rooms were and *are* clean and attractive. No other repairs except the necessary cleaning and banking has been done for lack of funds, although Mann Hill and E. Holden and Center school houses need exterior repairs. Very little sickness has disturbed the schools excepting in Wiswell school, where in the spring it was necessary to close school for two weeks on account of diphtheria. The school house was thoroughly fumigated under direction of the Board of Health and school started after a two weeks' recess, only to be almost broken up by measles. On account of these discouraging circumstances only a 9 weeks term was kept, which was made up in the winter, when the term lasted 13 weeks. Miss Harmon at Mann Hill remained during fall and winter terms, Miss Mildred Wing who had taught there successfully having resigned at close of spring term. The school at East Holden

has been crowded part of the year and if the attendance increases we shall find it necessary to have a few more seats. I find very good attendance in all of the schools. Most of the children have a desire to have a clean record without absent or tardy marks. Many of the children who live a long distance from the school-rooms as at Holden Center and Clewleyville attend most regularly which shows much effort on their part and on the part of the parents, for those at home are largely responsible for the punctual attendance of the children and their interest is much appreciated by teachers and supt. as much valuable time is lost by tardy pupils. The class of beginners at E. Holden and Clewley schools have done excellent work, having learned all of the sounds of the letters and memory words and are prepared to learn to read rapidly. This work has been most satisfactory. At the close of the spring term four pupils took State Examinations for High school, passing with excellent rank. Two girls are at Castine Normal, one at M. C. Institute and one at Bangor. Good reports of their work come to us. We have more who will finish 9th Grade work this year. Our work is not to be estimated by *immediate* results, but its influence will extend indefinitely into the future of these lives entrusted to our control, and the responsibility of school officials is great. A good teacher means a good school. Efficient teachers must receive the compensation which their abilities can command elsewhere. We have paid higher wages than formerly trying to place the *right teacher* in the *right school*. We need teachers who will *give themselves* to their schools in a way that will inspire the pupils to think—to do,—to become.

Additions to school property has been made through the work of the Leagues connected with E. Holden, Center and Clewley Schools.

At E. Holden a fine case of maps, at Clewley school a Dictionary and Holden an Encyclopedia consisting of eight volumes, and at Holden Center a Case of Maps and other needed articles. This has been made possible through the efforts of the teachers and pupils in giving entertainments which have been well attended by the parents and friends who have been generous in their patronage.

A free library is a luxury at Wiswell school given by the State.

This is much enjoyed by all in the neighborhood to whom books are issued if desired. With thanks to all who have aided the work of the schools in any way, I respectfully submit this my second report of Holden Schools.

BLANCHE K. BLAKE,  
Superintendent.
